Hi Maria,
The discovery packet was mailed out on 8/6...so if you haven't gotten it yet you should be getting it shortly!
Thanks,
Kate

Thanks, Kate. I made a note in the file of your status.

I sent along a copy of the language in the email with the summons so that we can get the lab case file (I hope you got it with the summons, sometimes the secretaries forget to attach it).

I need to get the case file at least two weeks before 9/27 so that I can forward it to defense counsel.

Thanks again for your prompt response, Kate!

I am prosecuting the matter of Commonwealth v. [REDACTED] You performed a drug analysis on this matter, as referenced above.

Currently, the matter is scheduled for jury trial on September 27, 2010. Three weeks prior to that date, I need to provide defense counsel with a copy of the lab case file. Would you be so kind as to forward me a copy of these documents as soon as you are able?

In order to go forward, your testimony is required. Attached to this letter is a summons to appear for trial (will be sent separately via first class mail). Understanding the limited resources of the state laboratory, I am kindly

requesting that you make yourself available to testify should the case go forward and **be able to be reached by phone on the day of trial**. If your testimony is required, we will do our best to accommodate your schedule and limit the amount of time spent at court.

Also, please let me know if you are available to testify on September 27th and the best number to reach you on that date.

Please contact me at 781-599-8094 or via email at maria.markos@state.ma.us.

Thank you for your anticipated cooperation.
